

NITYACHINMAYA CHINERA

Software Test Engineer — Automation & Manual Testing — API & Database Testing — Agile/Scrum

Bengaluru, Karnataka, India — chineranitya@gmail.com — +91-8249741941
linkedin.com/in/nityachinmaya — github.com/chineranitya — Immediate Joiner

Professional Summary

Results-driven **SDET / QA Engineer with 3+ years of experience** spanning manual testing, Selenium/Playwright automation, and REST API testing across **Fintech, BaaS, CRM/ERP, Internet Banking, B2B eCommerce, and Medical Device** domains. Authored **700+ test cases** and logged **150+ defects**, maintaining **zero critical defects at UAT sign-off** across multiple releases. Built hybrid automation frameworks reducing regression cycle time by **~30–60%**. Proficient in **Java, Selenium WebDriver, Playwright, Postman, Rest Assured, SQL, JIRA, and Jenkins CI/CD**. Experienced in Agile/Scrum with strong ownership of STLC, defect lifecycle, and cross-functional stakeholder coordination.

Technical Skills

Automation: Selenium WebDriver (Java), Playwright (TypeScript/JS), Testim.io, TestNG, JUnit, Page Object Model (POM), Data-Driven & Hybrid Frameworks

API Testing: Postman (Collections, Environments, Scripting), Rest Assured, REST API Validation, OAuth2/JWT Auth Testing, Schema Validation, Mock APIs

Languages: Java (OOPs, Collections, Exception Handling), JavaScript, TypeScript, SQL, C# (basic)

Database: SQL Joins, CRUD, Stored Procedures, UI-to-DB data validation, backend verification

CI/CD & DevOps: Jenkins, GitHub Actions, Git (branching, PR workflow), Docker (basic)

Test Types: Functional, Regression, Smoke & Sanity, Integration, E2E, UAT, API, Mobile (Android/iOS), V&V, Security, Usability

Bug Tracking: JIRA, Bitrix24, Confluence, Test Planning, RTM, STLC, SDLC, Defect Life Cycle

AI / Productivity: ChatGPT, GitHub Copilot, MS Excel (pivot, reporting), Agile/Scrum ceremonies

Domains: Fintech/BaaS, Internet & Mobile Banking, ERP & CRM, B2B eCommerce, HRMS, Medical Device

Work Experience

Software Test Engineer

Jul 2024 – Apr 2026

Dietary Business Intelligence Pvt. Ltd. · Bhubaneswar, OD

- Designed and executed **200–250 test cases** across 8+ modules (Sales, Sourcing, Finance, HRMS) for the **DBI360 CRM/ERP platform**; achieved **97%+ defect detection rate** across functional, regression, and UAT cycles.
- Built and maintained a **Playwright-based hybrid automation framework** (TypeScript) and **Testim.io** regression scripts, cutting manual re-test effort and reducing release validation time by **~30%**.
- Developed **40+ Postman API test scripts** (REST) validating integrations across ERP and CRM modules; identified **15–18 integration defects** and performed **SQL-based backend validation** between UI and database.
- Executed **RBAC and SSO integration testing** across ERP and CRM systems; authored RTMs and documented access-control defect evidence — contributed to **successful enterprise go-live** with zero critical issues.
- Logged and tracked **60+ defects** end-to-end in **JIRA** with full lifecycle traceability; collaborated in Agile ceremonies (stand-ups, sprint planning, retrospectives).
- Awards:** Best Employee – Enterprise Security (Feb 2025) & Best Employee – Digital Transformation (Nov 2025).

Associate Test Engineer

Jul 2023 – May 2024

CloudScaleQA · Hyderabad, IN

- Executed end-to-end functional and regression testing for an **Internet Banking application** (fund transfers, bill payments, beneficiary management, account services); authored **150–200 test cases** with **zero critical defects at UAT sign-off**.
- Led **mobile banking QA** across **Android and iOS** platforms — validated OTP flows, secure login, and transaction accuracy; logged and resolved **50–60 defects** tracked in JIRA.
- Executed **Validation & Verification (V&V) for FDA-regulated medical device software** (BP Monitor, SpO2 Monitor) per **ISO 13485, IEC 62304, and 21 CFR Part 11**; applied risk-based test prioritisation with **zero high-severity open defects at sign-off**.
- Coordinated **UAT with business stakeholders**, documented test outcomes, and led formal release sign-off for two consecutive quarterly releases.

Product Intern

Feb 2022 – Jul 2022

iServeU Technology Pvt. Ltd. · Bhubaneswar, OD (NPCI-Certified BaaS)

- Tested **payment transaction flows (UPI, IMPS, NEFT)** on iServeU's cloud-native BaaS switching and agency banking modules, verifying end-to-end transaction lifecycle accuracy against NPCI specifications.
- Validated **KYC onboarding workflows** and agent banking screens; reported **10+ functional defects** tracked through full lifecycle in JIRA.

- Tested **REST API endpoints** for core payment services using **Postman**, verifying payloads, response codes, and edge cases against specification documents.

Key Projects

DBI360 CRM/ERP – SSO & RBAC Integration Testing | dbi360.com 2024 – 2026

Playwright · Postman · SQL · JIRA · Jenkins

- Owned full STLC for **ERP/CRM modules** (Purchase, Sales, Finance, HRMS); designed test strategy, authored RTMs, and executed **200+ test cases** for RBAC, user-permission, and SSO workflows.
- Integrated **Playwright automation suite with Jenkins CI/CD**; regression pipeline reduced manual validation effort by **~30%** per sprint — POM framework published on GitHub.
- Performed **SQL-based data validation** across Finance and HRMS modules, catching **15–18 integration-layer defects** pre-UAT; supported enterprise go-live with zero UAT critical issues.

ConfluxHR – Human Resource Management Platform | confluxhr.com 2024

Selenium + Java · Rest Assured · Postman · JIRA

- Tested **attendance, payroll, leave, and employee management modules**; authored **100+ test cases** covering functional, boundary, and negative scenarios.
- Automated **REST API validation** using **Postman collections and Rest Assured** — validated CRUD endpoints, JWT auth flows, and schema integrity across HR data APIs.
- Built **Java-based Selenium regression scripts** (POM pattern) for payroll and onboarding flows; logged **70+ defects in JIRA** achieving **98% resolution rate** before UAT cutoff.

Green Jeeva AI Chatbot – B2B eCommerce Conversational Assistant | greenjeeva.com 2024 – 2025

Postman · API Testing · Selenium · JIRA · Functional & NLP Testing

- Designed and executed **80+ test cases** covering chatbot intent recognition, entity extraction, fallback handling, and multi-turn conversation flows across product search, order status, and bulk-pricing query scenarios.
- Validated **NLP API responses** using Postman — verified intent classification accuracy, response payload structure, and edge-case handling (ambiguous inputs, special characters, empty queries); identified **12+ API-layer defects** pre-release.
- Performed **end-to-end integration testing** between the chatbot UI and backend catalogue/order APIs; confirmed data consistency for product availability, pricing, and order-tracking responses using **SQL backend queries**.
- Executed **regression testing** after each NLP model retrain cycle using **Selenium-scripted UI flows**, ensuring no degradation in previously passing intents; maintained a **living regression suite of 40+ automated scenarios** published on GitHub.

Green Jeeva – B2B eCommerce Platform | greenjeeva.com 2024 – 2025

Manual Testing · Regression · API · Payment Gateway

- Executed **150–200 test cases** across onboarding, product catalogue, and bulk-pricing modules; reported **12–15 defects** in payment gateway and financial processing workflows.
- Built regression coverage for **order-management workflows**, maintaining platform stability across releases.

Medical Device V&V – BP Monitor & SpO2 Monitor | CloudScaleQA 2023 – 2024

V&V · ISO 13485 · IEC 62304 · FDA · Risk-Based Testing

- Executed **V&V test cases** for FDA-regulated medical devices per **ISO 13485, IEC 62304, and 21 CFR Part 11**; validated sensor accuracy, alarm thresholds, Bluetooth transmission, and display logic.
- Maintained **Requirement Traceability Matrices (RTM)** and documented formal test evidence; achieved **zero open high-severity defects** at V&V sign-off.

Education

B.Tech – Computer Science 2019 – 2022

GITA Autonomous College, Bhubaneswar GPA: 3.3 / 4.0

Diploma – Computer Science 2015 – 2018

C V Raman Global University, Bhubaneswar GPA: 3.2 / 4.0
