WORK EXPERIENCE

Software Test Engineer | *Dietary Business Intelligence Pvt. Ltd. · Bhubaneswar, OD* Jul 2024 – Apr 2026

- Designed and executed **200–250 test cases** across 8+ modules (Sales, Sourcing, Finance, HRMS) for the DBI360 CRM platform, covering functional, regression, and UAT cycles.
- Built automated regression scripts in **Playwright** and **Testim.io**, reducing manual re-test effort and cutting release validation time by ~30%.
- Authored **40+ Postman API test scripts** to validate REST integrations; identified **15–18 integration defects** and performed SQL-based data validation between UI and backend.
- Logged and tracked defects end-to-end in JIRA with full life-cycle traceability; collaborated in Agile ceremonies (stand-ups, sprint planning, retrospectives).
- Award: Best Employee – Enterprise Security (Feb 2025)** — QA ownership of SSO integration across ERP and CRM.

Associate Test Engineer | *CloudScaleQA · Hyderabad, IN* Jul 2023 – May 2024

- Executed end-to-end functional and regression testing for an Internet Banking application (fund transfers, bill payments, beneficiary management, account services).
- Authored **150–200 test cases**; logged **50–60 defects** — led mobile banking QA on **Android and iOS** with **zero critical defects at UAT sign-off**.
- Executed **V&V for medical device software** per FDA guidelines and ISO 13485 standards, applying risk-based test prioritisation.
- Coordinated UAT with business stakeholders, documented test outcomes, and supported release sign-off.

Product Intern | *iServeU Technology Pvt. Ltd. · Bhubaneswar, OD* Feb 2022 – Jul 2022

- Tested **payment transaction flows** (UPI, IMPS, NEFT) on iServeU's NPCI-certified cloud-native BaaS switching and agency banking modules, verifying end-to-end transaction lifecycle accuracy.
- Validated **KYC onboarding workflows** and agent banking screens; reported 10+ functional defects tracked in JIRA.
- Tested **REST API endpoints** for core payment services using Postman, verifying payloads and status codes against specification documents.
- Supported test case documentation for **card issuance and merchant acquiring modules**; participated in daily Agile stand-ups and sprint reviews.

KEY PROJECTS

DBI360 CRM – ERP/CRM SSO Integration Testing | *Playwright · Postman · SQL · JIRA* 2024 – 2026

- Contributed to full STLC across ERP/CRM modules (Purchase, Sales, Finance, HRMS); validated **RBAC workflows** and user-permission scenarios; reported access-control defects for resolution.
- Supported cross-functional UAT, contributing to a successful enterprise go-live. **Award: Best Employee – Digital Transformation (Nov 2025)**.

Green Jeeva – B2B eCommerce Platform (greenjeeva.com) | *Manual Testing · Regression · Payment Gateway* 2024 – 2025

- Executed **150–200 test cases** across onboarding, product catalogue, and bulk-pricing modules; reported **12–15 functional defects** in financial processing and payment gateway workflows.
- Built regression coverage for order-management workflows, maintaining platform stability across releases.

Internet & Mobile Banking Application QA | *Functional · Mobile (Android/iOS) · UAT* 2023 – 2024

- Executed **200–250 test cases** for fund transfers, bill payments, and account services; reported **50–60 defects** — validated mobile flows (OTP, secure login, transactions) with **zero critical defects** at UAT sign-off.

Medical Device Software Testing – BP Monitor & SpO2 Monitor | *V&V · ISO 13485 · IEC 62304 · 2023 – 2024*
FDA · Risk-Based Testing

- Executed **V&V test cases** for FDA-regulated **Blood Pressure (BP) monitors** and **Pulse Oximeter (SpO2) monitors** per ISO 13485 and IEC 62304 standards; applied risk-based test prioritisation to validate sensor accuracy, alarm thresholds, and display logic.
- Tested device behavior under **boundary and negative conditions** (signal loss, out-of-range SpO2, motion artifacts); validated Bluetooth data transmission between firmware and paired mobile app.
- Maintained **Requirement Traceability Matrices (RTM)** and documented test evidence per **21 CFR Part 11**; zero open high-severity defects at V&V sign-off.
